Experience

Engineer Intern

Strandix System India Private Limited

Indore, M.P.

Jan 2026 – Apr 2026

- Contributed to the development of **AuditWise (Audit Management System)** and **Aeternis (Cafe Management System)** using **React.js**, **Material UI**, and **Tailwind CSS**.
- Built responsive dashboards, reusable UI components, audit workflows, QR-based menu systems, and order management features with **role-based access control**.
- Integrated REST APIs using **TanStack Query** and collaborated on backend integration using **Git** and **Socket.IO** workflows.

Projects

Food Delivery Application

github.com/khushikukreja/Food-del [🔗](#)

- Developed a full-stack food delivery platform using **React.js**, **Node.js**, **Express.js**, and **MongoDB**, enabling users to browse menus, manage carts, and place orders online through a responsive and intuitive interface.
- Integrated **REST APIs**, implemented **JWT-based authentication**, dynamic routing, and state management, ensuring secure user access, seamless data flow, and an enhanced user experience.
- Live Demo: <https://food-del-backend-bouo.onrender.com/>

Prescripto

github.com/khushikukreja/Prescripto [🔗](#)

- Developed a doctor appointment platform using **React.js** and **Bootstrap**, enabling patients to search doctors, explore specialties, and book appointments through a responsive and user-friendly interface.
- Built reusable React components and implemented **doctor search, filtering, and appointment booking workflows**, enhancing accessibility, usability, and seamless user experience across devices.
- Live Demo: Prescripto.com
